Cattle Market Has Another Big Sale With 830 Moving

Demand For Slaughter Stock Is Stronger With Feeders Better

Three market days in a row with an average of more than 800 head found the demand for both stockers and slaughter cattle fairly strong.

An advantage of two cents per pound, and better, between stockers and slaughter is still maintained, as reflected in the selling figures for Monday.

The market now opens at 12:00 noon.

Sold this week were: 171 bulls, 80 heifers, 142 cows, 131 yearlings, 306 steers, 164 calves, 2 horses and 1 mule.

Slaughter — UUI 14.00-17.25; Culler 11.50-14.75; Calves — Com. 17.00-21.75; UUI 14.50-16.50; Culler 6.00-10.00; UUI 14.00-16.00; Canner 12.25-12.75; Blocker 7.25-12.25.

Steers — Med. 14.25-15.25; UUI 11.00-13.00; Culler 6.50-11.50; Heifers — Med. 13.25-15.00; UUI 11.00-12.25; Culler 6.00-10.00; Calves — Com. 12.25-13.25; UUI 11.00-12.00; Canner 12.00-12.50; 9.00-11.50; Bulls — Inf. 12.00.

INTERCARRI GROUP OFFERING MUSICALS SUNDAY AT 3:30 PM

The Belle Glade Inter-Carrari Committee is offering to the public Sunday afternoon, May 3rd, a musical by teachers and pupils of both the Negro Elementary and High Schools.

The High School Glee Club will participate in several numbers, and both vocal and instrumental solos will perform.

This program is given in the hopes that the general public will accept this opportunity to enjoy some real musical treat.

The following is the program to be offered:

Come to Me—Arr. by Delt. Chorus. Song—Bortnisky, Glee Club.

Vocal Solo—Selected, Louise Murray.

You'll Never Walk Alone—Arr. by Ringwald.

Kashmir Song — Arr. by Scott—Glee Club, Mary Greene Solo.

Trumpet Selection—Selected, Charles J. Pandy.

My Hero — Solo—Scotson, Glee Club.

Vocal Solo—Selected, Cathryn Palma.

Wake Thine Own Dearest—Taylor.

Vocal Solo — "O! Man River, Ernest Allen.

Battle Hymn of the Republic — Arr. by Ringwald, Glee Club.

William Veeven and Earl Shine, Solists.

PAR-TEE LINE

Country Club of the Brevard and Volusia Livings

PAR-TEE LINE

Belle Glade Golfers are still lining up the rest of the Palm Beach County Golf Tournament.

Delray Beach golfers won a 29½ to 1½ decision at the local course Monday.

Results with Belle Glade players listed first in each match play were: Rayley West 1 vs. Cecil Chase 2; Edith Vand Landingham 2½ vs. Pat Rose ½; B. B. 2.

McCauley vs. Cordelia Seely 3½; Pete Kirkham 3½ vs. MacByrd 1½; B. B. 2½.

McWhorter 2 vs. Gladys Senior 1; Ruth Zientz 3 vs. Betty Doherty 0; B. G. 1½, D. B. 2.

Zelma Betzner 0 vs. Bernice McNeese 3; Louise Rhodes 1½ vs. Eleanor Adams 2½; B. G. 1½, D. B. 2½.

Our pros, Joe Ziemann would be the men who are out Sunday afternoon as an Inter-Carrari League has been planned. So follows get out and practice. We have quite a few excellent golfers around, in fact a local Ben Hogan has been playing the course.

Glades Prominent In Co-Op Meeting Held In Orlando

Three Glades Executives Made Directors Of State Co-Op Organization

L. L. Price, two-term President of the Florida Council of Farmer Cooperatives was seconded by Marvin Walker of Lake Wales, while E. A. McCabe and Frank Dole of Belle Glade and Jess Elliott of Palmetto, were elected to directorships of the organization in the annual meeting held in Orlando Monday and Tuesday of this week of the Florida Council of Farmer Cooperatives.

In addition to presentation of 1952 reports to the Palmetto and P.F.A. Chapters, which is an annual event, 85 boys and girls representing 17 clubs were entertained by members from the area.

Governor, even the attractive suggestions of naughtiness and the threatened exposure of feminine pulchritude to coy schoolgirls, might be acceptable to the frocked group, if "Lili's" outstanding physical and mental accomplishments had been given the opportunity to appear on film as with the presence and tease of local talent Tuesday night.

Mrs. Elmer Osking placed the customers at the Lions of the offering of their "Gay Nineties Review" in her role as "Lili" and that's what Momma and Poppy brought the kids for.

Mrs. Osking's facile and sensitive touch at the piano brought the admiration of the musical student and the enjoyment of us who appreciate acrobatics.

Music by the Machine Shop Five gave the show that support and interest to keep the expectancy high and the appreciation at the bubbling stage. The kids traipsed up and down the steps to the waltzing places in time with the music, and the older ones clapped and stomped out a (Continued on page 2)

Local Guard Unit Enters Recruiting Campaign May 1st

An intensive recruiting drive to bring new Guardsmen into the Glades unit of the National Guard, Co. E 21st Infantry, will be launched on May 1st, Lt. John H. Cromartie, commanding officer of the Glades unit, announced today.

Aim of the drive will be to bring Company E up to its full authorized strength. The local campaign will be a part of the drive being conducted by the Florida National Guard and other State and local units throughout the nation.

"Our unit, a vital member of America's defense team, has an important mission in time of emergency," Lt. Cromartie said today in announcing the recruiting campaign here.

"We know," he added, "that all young men between 17 and 21 are now being trained in the (Continued on Page 3)

May Day Program To Be Presented

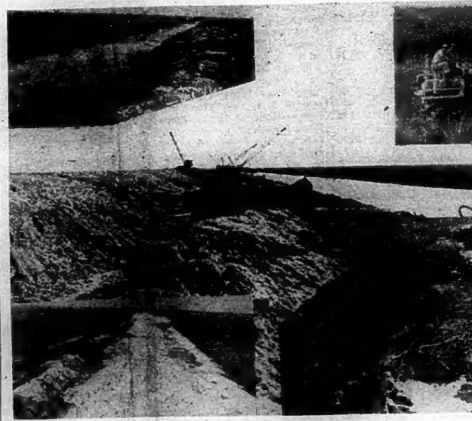

Linda Sue Connell was selected as May Queen and Bill Tom Forster as May King in the Annual May Day Program to be given on the front lawn of the elementary school at 1 p.m. Thursday, May 7.

Attendants to the king and queen will be: Sherry Mixson, Nancy Bass, Judy Farmer, Carolyn Schenfeld, Eddie Livley, Dickie Duane, Fred Robison, and Mickey Acres, the jester, Frankie Crider. The above were selected from the sixth grade under the direction of Mrs. Randall Dickinson and Mrs. J. R. Davidson.

The following children are from the first grades: Hephler, Charles Thompson; crown bear, Carmen McKee; flower girls, Mickey Moran and Pamela Ingram; train bearer, Skippy Schenfeld and Cherry Bridges.

The program following the (Continued on page 2)

Construction Work On L-1 Progressing Rapidly

New Construction Principle Being Used By Engineer.

At lower right may be seen the muck being squashed out and away from the weight of the rock dike being built southeast of Clewiston.

Early construction met in the Glades led by the late R. Y. Patterson, demonstrated years ago that rail and automobile roads might be built with some degree of stability by placing heavy sand or rock on top of undisturbed muck, and especially so if canals or ditches are not placed near the roadbed.

U. S. Engineers have adopted this method in construction of dikes in the mucklands.

Upper right is seen a crew of U. S. Engineers loaded for the survey. Upper left, the draglines have removed the muck, 3 to 3 feet deep at this point.

In the center the rock for the dike has been piled beyond the muck berm and is ready for final shaping.

Lower left is shown the actual dike after shaping to grade, with berm spoil between the top of the dike and the borrow pit.

Sixty-four Visitors Attend Field Day At Local Station

The new tendergreen bean variety being announced by the Experiment Station was made available for inspection at the Everglades Experiment Station Thursday afternoon at a special Vegetable Field Day.

Lowry has taken over the business of Hugh Smith, who has entered the field of a Glades Planter, and is offering the public his services in high emergency. "What I mean to do is to (Continued on Page 3)

LOWRY TAKES OVER SMITH'S SPRAYING BUSINESS IN GLADES

Bert Lowry has taken over the business of Hugh Smith, who has entered the field of a Glades Planter, and is offering the public his services in high emergency. "What I mean to do is to (Continued on Page 3)

New varieties in sweet corn were shown from the breeding nursery, as well as the effect of 2-4-D on both corn and beans. Celery, with its problems also came in for discussion at several points.

County Agent M. U. Mowatt was among the visitors. Dr. W. N. Stoner, Walter Thomas, Emil Wolf and Frank Stevenson joined the County Agent in handling the demonstrations, assisted by other members of the Station Staff.

Essay Winners To Be Given Awards

Exalted Ruler, Frank Dooley, of the local Elks Lodge will present award to winners in the essay contest "What I Mean To Be An American" at the high school auditorium 8:45 this morning.

Girls winning awards, 1st prize, Arlene Robbins; 2nd prize, Joan Robin; 3rd prize, Ann Spann.

Boys winning awards, 1st prize, Peter Seale; 2nd prize, Raymond Plank; 3rd prize, H. V. Conat.

This contest was sponsored by the local Elks Club for the purpose of stimulating interest in celebration of May Day in the United States in contrast to May Day observed in countries dominated by Communists.

The following note from Sgt. Clyde White, written April 13, from Rottach, Germany, was reprinted this week by the HERALD.

Local winners will enter in the State Competition and into the national contest.

High School Football Supports All Athletic Activities Financially

PLAY DAY WEDNESDAY BG MEMORIAL FIELD

The public is invited to attend PLAY DAY Wednesday, May 6 at 1:30 pm at the Belle Glade Memorial Field.

Girls and boys from the seventh through the twelfth grades from Pahokee, Clewiston and Belle Glade will participate in the event. There will be sports and track events.

Ramblers Travel To Vero Sunday

With one win and one loss, and one rained out game, the Ramblers will travel to Vero this Sunday, May 3rd for the third League game.

The boys were all primed to take the Sturtz here last Sunday but the Rainmaker had other ideas. This postponed game

Members of the Glee Club participating were: Gail Allenson, Jane Morris, Patti Ingram, Pat Tatum, Dorothy Breslin, Joanne Holladay, Joan Rabin, Carolyn Earwood, Lisa Humphreys, Patsy Hobbs, Jeannette McDonald, Connie Kelly, Louise Strobel, Lois Engel, Glenda Dell, Wanda Mackey, Sandra Mobley, Dorothy Mobley, Elther Greer, Margene McSwain, Winifred Barry, Suzanne Forster, Barbara Wedgworth, Jeannette Waddell and Norma Jean Royall.

The group were guests at the Thane Hotel.

The Glee Club chorus will sing at Lion's State Convention May 18-19, in Miami.

LITTLE LEAGUE LEGAL N'EVERYTHING RARIN TO GO PLACES—AND IS

The local LITTLE LEAGUE baseball group have received their Franchise, and are now officially a part of LITTLE LEAGUE, INC., with headquarters in Williamsport, Pa.

This organization, first started in 1939 with one league of three teams, has truly had phenomenal growth, finishing the 1952 season with a total of 1810 leagues, 7650 teams, with approximately 115,000 boys 12 years or under on the roster of regular "first" teams. In addition to this, well over 60,000 boys were playing on "second" teams. National headquarters is anticipating another 700 leagues to be added in 1953.

This Franchise entitles the local league to participate in the playoffs and if skilled enough, play in the Little League World Series which will be held in Williamsport Aug. 25-28.

WHY NOT GIVE LIKE GLADES CRISPE!

Cecil Webb has been sending like a package of six weekly boxes to the European Commander, told Bing Crosby in '44 he wants to give away his like.

Cecil says among the best gifts he produces come from Glades grown corn. Glades farmers might get busy on this and see that Cecil gets Glades field corn with which to make gifts for like.

Glades Brings 10% Of Florida's Total 1952 Farm Income

The Florida Chamber of Commerce gives out that Florida's '52 income from agriculture is \$460,000,000, or against \$900,000,000 from tourism.

Estimates indicate that Palm Beach County, the Glades part of Palm Beach County, accounted for approximately 10% of this sum. Vegetables \$25,000,000, sugar and by-products \$14,000,000, fiber \$1,500,000, cattle near \$2,000,000 and several hundred thousands more for miscellaneous items.

Adding the balance of the County to the Glades' agricultural production, Tourism in the County must be about equalled.

Glee Club Awarded Excellent Ratings In State Contest

The Belle Glade High School Glee Club was awarded excellent rating in the concert competition which will be held at the State Contest in Tampa, at the high school auditorium 8:45 this morning.

Girls winning awards, 1st prize, Arlene Robbins; 2nd prize, Joan Robin; 3rd prize, Ann Spann.

Boys winning awards, 1st prize, Peter Seale; 2nd prize, Raymond Plank; 3rd prize, H. V. Conat.

This contest was sponsored by the local Elks Club for the purpose of stimulating interest in celebration of May Day in the United States in contrast to May Day observed in countries dominated by Communists.

The following note from Sgt. Clyde White, written April 13, from Rottach, Germany, was reprinted this week by the HERALD.

Local winners will enter in the State Competition and into the national contest.

Basketball Growing In Popularity With Baseball A Poor Third

The Glades public will pay to witness an athletic contest when its team wins or puts up a good game, as witness last year's attendance at our high school football games.

A total of 7419 persons paid the admission charge for six home games, with two, Clewiston and Ft. Pierce games bringing in more than half of these.

The senior football team brought in \$8,130 of the grand total \$8,650 received for all ticket sales. The basketball paid about 62½% of its total expenses, while baseball paid only about 18½% of its total.

Even high school athletics gets into business. Uniforms, equipment, meals, transportation, school doctor bills take the largest chunk.

The Athletic Council hopes the new gym will continue to attract attendance at basketball games and that it will get out of the red in yearly operations.

Coming out with an audited report of its receipts and expenditures, the Council wants the public to know just how the money has been handled. The (Continued on page 2)

Mrs. Monroe Spoke At Auxiliary Meet

Mrs. Lillian Monroe, president of 9th district, Hollywood, was introduced by Mrs. George Tedder at the meeting of the American Legion Auxiliary in Hall Monday evening.

Mrs. Monroe spoke on "Aims and Principles of Auxiliary Work." She reported that 25 million people were sold last year in the U. S., and that the Legion and other affiliated organizations have sold eight million dollars in child welfare.

She thanked the Belle Glade Auxiliary for \$83 which they had given to the Children's Hospital which was one day's (Continued on Page 3)

Flying High To Be A Home Talent By Rainbow Girls

Home talent has been offered on musicals, musical tableaux and general high jinks with local characters to land attraction.

Now comes some real comedy with character actors—and we got some—entwined in ridiculous circumstances, supported by a "joyable old rascal," gabby colored maid, nosy neighbors, Old Man Pincham as a villain, and of course some love interest.

The Rainbow Girls have employed a Director and made arrangements for costume and scenery. They will reach their net proceeds will be contributed by the Rainbows to the Magazine.

Local characters will take the lead in the Rainbows will solicit you for tickets, and the net proceeds will be contributed by the Rainbows to the Magazine.

Watch the HERALD next door for announcement of characters selected.

Saddle Club Elect Officers At Meet

W. L. Lee was elected president of the Saddle Club at their first official meeting Thursday night, April 23, at the City Hall.

Vice-president, M. E. Tyson; Secretary, Joanne L. Cook; Treasurer, Joanne Harris.

Board of directors appointed were: Bill Haire, H. O. Earwood and A. Tomlinson.

H. O. Earwood gave a talk on the purpose and activities of the Saddle Club.

Approximately twenty-aix members attended the meeting.

THE CATTLEMAN RIDE ALONG
One of the best commentaries on the current beef situation appeared in the April issue of a magazine published by the Iowa Farm Bureau. It began with a discussion of the causes of the sharp drops in beef prices, saying, "What happened? We think we know that it was a combination of growing numbers of beef cattle, combined with consumer resistance in the markets based on price. We feel sure that given a price that can handle the household will always buy beef as her first choice. We have, in fact, seen just that happen, as retailers doubled the beef they moved to the dinner table in the week or two immediately following the price break. That increased consumption... is the first and most important factor in strengthening the market on beef in future months."

The magazine then dealt with the possibility of supporting beef through a government-purchase program. It described some of the tremendous difficulties that would be an inevitable part of such a program—and of the heavy waste of beef that might very well result. Then it made this significant observation: "We feel that supporting beef prices through government isn't the answer. And we're tickled to know that cattlemen in general don't want supports... The feeling we sense most often as we visit with cattlemen is this: 'We rode it up, we rode it down. Now, if we can get enough credit, we'll ride along until it stabilizes at a fair level, in a fair ratio with feed costs.'"

The cattle people, in other words, believe in the free market and the free economy. They don't want to be coddled by the government or bussed by the government. More power to them.

Activities of
Glades Scouts

SCOUT NEWS

The Intermediate Girl Scout Troop No. 2, will hold open house Friday, May 8 from 4 to 6 p.m. at the scout hut. Troop No. 3 will serve refreshments with Troop No. 2 as hosts.

Marilyn Farmer was welcomed as a new member.

It was decided to have a beach party Saturday, May 2 at Lake Worth Beach, on a beach planning to go meet at the scout hut at 10:00 a.m. sharp.

Members present were: Lillie Bass, Phyllis Buss, Jane Betts, Linda Cline, Mary Gorth, Donna Jean Holt, Donna Jean Kirchman, Marilyn Matthews, Marjorie McDonald, Paula Parson, Terry Tucker, Doris Zelman, Terry Browning, Jane Young, Carley Bracewell and Marilyn Farmer.

Mrs. George Goforth and Mrs. Betts will chaperon the Intermediate Girl Scouts on a beach party to Lake Worth Beach Saturday, May 2. All girls wishing to go should be at Scout Hut at 10 a.m. sharp.

MAY DAY PROGRAM

(Continued from Page One)
The crowning of the king and queen the theme of which is "Our Heritage" will be — American folk dances, singing and games. The program will be presented by Mrs. Milton Burry, Mrs. Lanier and Miss MacMahon will present "Hickory Dickory Dock," singing games and the children dressed to represent clocks and mice.

The second grades, under the direction of Mrs. Herman Close and Miss "Dandy" will present singing games, "I see you" and "Ring the Bell," followed by "The Olden Days," which will offer a rhythmic dance selection, dressed in red capes and hats.

Mrs. McClure, Mrs. Ruff and Mrs. Murray's 2nd grade students will give an American

According to national statistics, employees in the trucking industry receive average wages that are 23.3 percent higher than the average wages in all private industry. This is because truck drivers of today are highly trained professionals.

DIAMOND LIL COULD

(Continued from Page One)

David Weiman displayed an inherent quality for stage work to match the ability of his sister, Miss Marion. Numerous Lions hidden behind false noses and mustaches acted naturally to the amusement of families, friends and visitors.

Lioness Marian Najarian, as Director, is an enviable asset of the local Lions, and highly deserves the gesture of appreciation indicated by the bouquet and other gifts presented her.

The local Lions, commonly referred to as the "Younguns" in civic clubs, as in this home presentation, mix fun with ingenious extraction of funds from the public in a painless manner for the common good of the community.

The proceeds of this venture will be used in the entertainment and education of our local High School Club and our High School Band in a trip to the State Lions Convention in Miami. Both have an enviable record and deserve this mark of appreciation by the community.

The Belle Glade Lions will strut as an organization — a club from a small community "putting on the dog" as they will, and at your and my expense. It's okay by us, and we like it.

Incidentally, the merchants weren't asked to dig for ads in a program, but those who wanted to, purchased tickets which were given to local boys and girls who would not otherwise have attended the show. We are told 150 such tickets were given out; whom do you think enjoyed the show more than those 150 kids?

Under the law, Florida truck drivers may drive a maximum of ten consecutive hours. Then they must take eight hours of rest.

CINEMATIC CHATTER

By Malcolm Miller

Hello everybody! Robert Ryan leads a nicely balanced existence being a quiet family-man type, his home life and a turbulent hard-fighting and sometimes recklessly loving type in his motion picture roles. Six (three, if you please) lean on tough as a rattlesniper, he looks as though he kept in condition by doing ten fast miles of roadwork and a couple of hours of gymnastics each day. Actually he takes it pretty easy when

MAYOR COLLINS SIGNS NATIONAL CORRECT POSTURE WEEK PROCLAMATION SPONSORED BY NATIONAL AND LOCAL GROUPS

Drs. L. S. Jones, Thos. P. Baker and Paul W. Llewellyn

The National and Florida Chiropactor Associations have designated the week of May 1st to 7th as national correct posture week and have the sanction of both the National Congress and the Governor of our State, as well as the Mayor of our City.

The proclamation declares that "the best foundation for a healthy nation is an enlightened citizenry which cooperates with the men of science who minister to people in pain and sickness, and proper posture, especially when developed in young people, is one of the greatest contributors to fitness in good health, physical endurance, working efficiency and good appearance."

The Mayor, in his proclamation calls "upon all civic organizations, schools and youth training organizations to cooperate." His Honor calls "on every boy and girl especially, to learn the habits of good posture and active sports which can do so much to keep us an alert and healthy people."

MISS GAIL ALLISON CHOSEN "QUEEN" FOR GAY NINETEEN REVE

MR. DRAKE ANNOUNCES CONCERT — BANQUET

The Belle Glade High School Band will present their spring concert on Sunday afternoon, May 10 at 3 p. m. A variety of selections will be played. Also appearing on the program will be the elementary Band and the Seventh Grade Band. The numbers to be played will be listed in a later issue. Band master Alan Drake will direct the concert.

The Annual Band Award Banquet which is given to all band students from the elementary grades through high school by the Band Parents Ass'n. will be held at the Belle Glade Country Club at 6:30 p. m. Monday, May 11. The dinner will be prepared and served by the band mothers, after which a program of entertainment will be presented. Following this Alan

Drake, bandmaster, will give out all the awards which have been earned by students in this school year. A dance will follow.

GLADES PROMINENT
(Continued from page one)
and I. W. Duggan, Governor, Farm Credit Administration, both of Washington, D. C. Mr. Homer Brinkley, Vice Pres. of the National Council of Farmer Cooperatives and Robt. L. Farthing, Director Agricultural Credit Service of the USDA.

The FFA's and 4-H's participated in the tailfeast, by having a representative of each club there take two minutes to explain the project entered in the contest.

The Bank of Cooperatives of Columbia sponsored a banquet and Bill Fifield, Director of Florida Experiment Stations acted as toastmaster.

Mr. Lawrence, as its President, America's motor trucks, comprising approximately 17 percent of the total motor vehicle registrations, pay more than 33 percent of the total special taxes collected from highway users.

News Of Churches Of The Glades Area

KATHLEEN LIVINGSTON, Editor

Episcopalians To Name New Mission

The Belle Glade Episcopalians will meet next Sunday night at the home of R. T. Bell, So. Main St. Father John Clarence Petrie will continue his exposition of the Book of Psalms.

Among the names which have been suggested for new mission now being formed in Belle Glade are the following: St. Athanasius, because he was the theologian whose scholarship determined the historic faith of the Church in the Holy Trinity. Our Lady of the Glades or Our Lady of the Lake, putting the work in this area under the patronage of the Lord's mother.

EPISCOPAL VICAR TO SPEAK ON WSWN

The daily devotional program of WSWN at 9:30 am each day, Monday through Friday, will be in charge next week of Father John Clarence Petrie, who is now organizing an Episcopal congregation in Belle Glade.

The topics of the daily talks are as follows:

Monday—Do You Really Want After Death?

Tuesday—How Good Are Good People?

Wednesday—What Do You Want After Death?

Thursday—Whom Do You Admire?

Friday—Are You Hypnotized By A Price Tag?

UNIT MEETING OF LATTER DAY SAINTS

The Church of Jesus Christ of Latter Day Saints had a unit meeting at Fort Lauderdale Sunday. Attending from the Glades were Mr. and Mrs. Julius Herring, Mrs. Hattie White and W. C. Byrd of Hooker's Point and Mrs. H. B. Walker of South Bay.

The Fort Lauderdale Branch has recently sold their chapel and are holding meetings at the old oval base there.

The second branch in Miami dedicates their chapel, which has been under construction for months, April 30 at 7:30 o'clock in the evening. Dedicated services conducted by Elder Milton R. Hunter and Peter J. Ricks, president of the southern states mission.

Elder and Mrs. A. A. Johnson, who have been on a mission in the Glades for the last three months, have completed their mission and leave this week for their home at Holliston, Utah. Enroute home they will visit relatives in Virginia, Pennsylvania and Michigan.

Emory University Sponsors Program Of Rural Churches

Emory University is sponsoring a rural church recognition program this year in an effort to stimulate interest and growth among churches of all denominations.

For my sake is easy, and my burden is light—(St. Matthew 11:30).

There is no one among us today who is not carrying a burden of anxiety, even though he be strong in his faith. Christ Jesus offers us the greatest help on this earth—if we will but evangelize before on him and enter into his love.

ations in the Rural South. Interest in the Town and Country Church Development Program has grown tremendously during the past few months, according to correspondence received in the office of Dr. Earl Brewer, program director.

Georgia and North Carolina lead in enrollments. At this date there have been 738 entries from 38 different denominations in the 13 Southern States.

With all the groups and agencies working together with the church, there should be a great opportunity for service and improvement.

Churches who have enrolled in the program will be eligible for sixty-six cash awards. The Rural Church of the year will be named for each state and will receive \$500 award. Four churches in each state will receive awards of recognition and contributions of \$100 each. The South's top church of the year will receive the amount of \$1000 award.

RESOLUTIONS

A little less impatient with those we deem too slow;

A little less of arrogance because of all we know;

A little more humility, seeing our worth is slight;

We are such trivial creatures compared to state at night

A little more forgiving and swifter to be kind;

A little more desirous the word of truth to find;

The word of life to utter and make a heart rejoice;

A little more careful to speak with gentle voice;

A little more true eagerness to understand each other;

A little more real striving to help a shipwrecked brother;

A little more high courage to each task that must be done;

These be our resolutions—

And God help everyone.

Quoted in The Light, La Habra, Calif.

FOREGIVING

For if ye forgive men their trespasses, your heavenly Father will also forgive you:

Christ Jesus.

Being destroyed by sin, no other form of forgiveness.

— Mary Baker Eddy.

A brave man thinks no one his superior who does him an injury; for he has it then in his power to make himself superior to the other by forgiving it.

— Alexander Pope.

The noblest revenge is to forgive.

— Italian Proverb.

Hath any wronged thee? Be heavily revenged—slight it, and the work is begun; forgive, and it is finished. He is below himself that is not above an injury.

— Quaker.

To err is human; to forgive divine.

— Alexander Pope.

Churches of Christ Scientist

"Believe me, sir, never a night goes by, be I ever so tired, but I read the word of God before I go to bed."

— Douglas McArthur.

The word "witness" is a legal term. You must know by experience that to which you testify. You must be of good character in order for your testimony to bear weight. The more simple, direct, and sincere your testimony, the more impressive it will be. The first impulse following the spiritual awakening and remaking of life is to share the experience with others.

The individual witness is not the only indispensable factor in winning souls to Christ, but the church is another. Since Jesus organized the church, although it may have had to function in secret, it has not ceased to do so.

Jesus gives us a picture of the church at work. He saw clearly that without a church with which to carry out His saving purpose He would ultimately fail. The church in the thought of Jesus, is not a body of pious people who have withdrawn from the world to save their own souls; it is a conquering army of redeemed men and women who go out under the

read, nor where. Some read to bring themselves into repute. By showing others how they can dispute. While others read because their neighbors do. To see how long 't will take to let it through. Some read it for the wonders that are there—How David killed a lion and a bear;—While others read it with uncommon care. Hoping to find some contradictions there. Some read it if it did not speak to them. But to the people at Jerusalem. One reads with father's specs upon his head. And sees the things just as his father said. Some read to prove a predop-

DR. DAVID A. DUCK TO BE EVANGELIST

The Community Methodist Church of Belle Glade is cooperating in the United Evangelistic Mission throughout the state of Florida from Sunday, May 3, through Friday, May 10. Dr. David A. Duck, a prominent minister of Savannah, Georgia, will be the Evangelist and will preach next Sunday morning and each evening of the week, at 8 pm.

A great Youth Rally for the Methodist churches in the Glades area will be held in the Community Methodist Church, next Saturday evening, May 2, at 8 o'clock. Rev. Duck will be the inspirational speaker.

Evangelistic services will be held in every Methodist church in Florida simultaneously during this period. A cordial invitation is extended to the public.

HOW READEST THOU?

"It is one thing to read the Bible through. Another thing to read to learn and do. Some read it with design to learn to read. But to the subject pay little heed. Some read it as their duty once a week. But no construction from the Bible seek. While others read it but with little care. With no regard to how they

ed creed. Hence understand but little that they read; For every passage in the book they bend To make it suit that all important end. Some people read as I have so often thought. To teach the book instead of being taught; And some there are who read it out of spite. I fear there are but few who read it right. But read it prayerfully, and you will see. Although men contradict, God's word agree; For what the early Bible prophets wrote, We find that Christ and His apostles quote. So trust no creed that trembles to recall

Outline for INTERNATIONAL SUNDAY SCHOOL LESSON.

May 3, 1953
LESSON TITLE — "PAUL AS TEACHER AND PASTOR"
SCRIPTURE — Acts 18:1-10; 20:17-27

Introduction:
Today's lesson takes place in Ephesus, the most important city in Asia Minor. This work is the last major activity of Paul as a free man. The experiences at Ephesus are typical of the spread of the growing Christian movement in a large pagan city.

I. The Jews: Acts 18:1-19
Paul again tries to reach the Jews in the synagogue, but finds them again not receptive.

II. The Elders at Ephesus: Acts 20:17-38
In this farewell speech to the Elders, Paul gives us a moving description of his work there.

First Baptist Church Belle Glade

THIS WEEK'S SERMONETTE

The Indispensable Factors Of Winning Souls To Christ

By U. W. Malcoln, Pastor, First Baptist Church

You and I are greatly concerned, and rightly so, about winning the lost to Christ. No greater work could be undertaken than that. And there are three indispensable factors of winning souls to Christ; the individual witness, the church, and the Holy Spirit.

God desires to convince the peoples of the earth of His truth and mercy and to bring them to salvation. This He must do by human witness. He plans conditions for their witnessing and empowers them in it. And thus, the individual witness is an indispensable factor of winning souls to Christ. Jesus said, "As my Father hath sent me, even so send I you."

The word "witness" is a legal term. You must know by experience that to which you testify. You must be of good character in order for your testimony to bear weight. The more simple, direct, and sincere your testimony, the more impressive it will be. The first impulse following the spiritual awakening and remaking of life is to share the experience with others.

The individual witness is not the only indispensable factor in winning souls to Christ, but the church is another. Since Jesus organized the church, although it may have had to function in secret, it has not ceased to do so.

Jesus gives us a picture of the church at work. He saw clearly that without a church with which to carry out His saving purpose He would ultimately fail. The church in the thought of Jesus, is not a body of pious people who have withdrawn from the world to save their own souls; it is a conquering army of redeemed men and women who go out under the

leadership of Christ to overthrow sin and establish righteousness. Not by coercion or persecution, but always by fearless witness to the truth in love.

Paul, also pictures the church as active and diligent in taking the message to the lost. He at once recognized Jesus, not only as the Messiah, but as the living leader of a powerful organized movement.

The church should seek to bring the kingdom to all men and all men into the kingdom. If the church has the one remedy for sin and the only antidote for death—why not make it known? Without the church, the truth unserved and unproclaimed would perish from the earth.

And now, there remains one more indispensable factor of winning souls to Christ, and without Him all efforts would be of no avail. "When the Comforter (Advocate) is come, whom I will send unto you from the Father, even the Spirit of truth, which proceedeth from the Father, he shall testify of me." His presence is promised to us. He did not disappoint his disciples. He won't disappoint us. "But ye shall receive power, after that the Holy Ghost is come upon you: and ye shall be witnesses unto me."

We must place great emphasis on this advent of the Holy Spirit. It was an individual experience and a group witnessing; a personal infilling and an institutional vitalizing. He came within the personality of each witness and enfolded the church.

Christ is depending upon you and me, and His church, and the Holy Spirit as indispensable factors in bringing the lost to Him for salvation.

What has been penned by one and verified by all."

ALLAN BURRY ELECTED TREASURER METHODIST STUDENT COUNCIL NWU

Mr. Allan Burry, son of Mr. and Mrs. M. T. Barry of 543 S. Main, Belle Glade, has been elected Treasurer of the Student Council of the Methodist Student Foundation at Northwestern University.

Last Sunday evening the newly-elected Student Council was installed in an impressive service in the chapel of the First Methodist Church of Evanston, Illinois.

The Methodist Student Council is made up of five officers

and sixteen committee chairmen, in cooperation with the University Pastor, are responsible for giving leadership to the various activities of the Methodist Student Foundation. The Foundation is responsible for the work with Methodist students attending Northwestern University, Kendall College of Education and Garrett Biblical Institute. The Director and University Pastor is Rev. G. Eugene Durham.

"The Bible is of vital importance in teaching freedom—Dictators fear the Bible, and for good reason. It inspired the Magna Chart and the Declaration of Independence."

— Lowell Thoms.

YOUR CHURCH NEEDS YOU . . . YOU NEED YOUR CHURCH

CHURCH DIRECTORY

Belle Glade - Chosen

Mrs. Annie M. Cooper returned from St. Mary's Hospital on Friday and is recuperating at the home of her son and daughter-in-law, Mr. and Mrs. E. Cooper, Jr. She plans on visiting her other son and daughter and their families before returning to her own home.

Mr. and Mrs. Dick Miller have the pling in and foundation laid for their new home on Bole Avenue. Mrs. Miller and the children are remaining in Okeechobee until the close of school.

Mr. and Mrs. C. B. Ming of Orlando were weekend house guests of Mr. L. O. Ratley, Mr. and Mrs. J. W. Hawkins of Miami were house guests of Mr. and Mrs. O. H. Martin. Mrs. Ratley, her house guests and daughter, Miss June Ratley joined the Martins for Sunday dinner.

Mr. and Mrs. Johnnie Kitchens of Georgia have taken the Stirling cottage recently vacated by Earl Simmons.

Cecil Kersey is a patient at the Clewiston Hospital.

Rev. and Mrs. Taylor of Al-

la, Miami were speakers at the Baptist Church meeting at the Legion Hall on Sunday.

Taylor served as a missionary in China for 5 years.

J. L. Brown has returned from the Belle Glade Hospital where he submitted to surgery to have a steel silver removed from his knee. The accident happened at the Okeechobee Sugar Mill some weeks ago and he had unknowingly failed to remove all of the splinters from his leg at the time.

Mr. and Mrs. Luther B. Keene and children are moving from South Bay to Belle Glade.

Mr. and Mrs. Otis Baggett left Saturday for Tampa with their month old baby to get treatment for the child. They plan on remaining indefinitely in Tampa.

Mrs. P. E. Goodbread and son, Howell have returned from a two weeks vacation visit with her son, Major J. E. Goodbread and family in Washington, D. C. and relatives in Quilman, Ga.

Mrs. J. B. Grant of Arcadia visited her mother, Mrs. J. S. Scoggin and sisters, Mrs. J. Campbell and Mrs. H. R. Layfield in Lake Harbor and daughter, Mrs. E. W. McLeod at South Shore Plantation.

Mrs. Minnie Heister has as her house guest her daughter, Minnie Mae from Georgia.

P. D. Crichfield of Sebring is visiting his son and family here this week while Mrs. Crichfield is attending a convention in Miami.

Rev. Harry Wilson, former pastor of the South Bay First Baptist Church, now serving the church at Starke, is a patient at Mercy Hospital in Miami. He is reported to be quite ill.

J. A. Henderson of Lake Harbor suffered a shoulder injury in a highway accident at Lake Harbor Monday. He was given first aid at the Belle Glade Memorial Hospital and released to his home.

Mrs. G. J. Barstow and house guest, Miss Queenie Bilbo of New York City attended a house party at the home of Mr. and Mrs. C. E. Archer in Tampa over the weekend. It was in the nature of a reunion of four former cronies. It was a school mates and Psyche Club members.

The American Legion, Everglades Post No. 101, elected officers at their regular session at the Legion Hall Monday evening.

V. E. Smith of Lake Harbor was elected Commander, Frank Wilson first vice-president, R. O. Plank of Lake Harbor finance officer, W. C. Pate of Bore Beach sergeant-at-arms, C. Allen historian, J. M. Jackson of South Shore Plantation chaplain, Eric D. Hartline, adjutant.

AUXILIARY SPONSORING BRIDGE-CANASTA PARTIES

The American Legion Auxiliary is sponsoring a series of bridge and canasta parties on each Tuesday evening at the South Bay Legion Hall at 8 p.m., according to the announcement of Mrs. Ida Vee Walker.

Prizes will be offered each Tuesday evening to the winners and refreshments served. The price of admission will be \$5.00, Mrs. Walker stated. The first party was scheduled for April 28.

MARSHA WALKER HOSTESS AT WIENER ROAST PARTY

Marsha Walker was hostess to a group of her friends at an outdoor game party and wiener roast at the home of her parents, Mr. and Mrs. H. B. Walker.

Guests were Joyce Ann Spivey, Jimmie Lou Summerlin, Dean Alford, Warren Alford, Tony Woodham, Wayne Harrell, Neil Walker, Richard Harding, Rhonda Walker, Josephine Martin, Ronnie and Billy Bowen.

GARDEN CLUB ELECTS MRS. EVANS PRESIDENT

The South Bay Garden Club met at the Legion Hall on Wednesday afternoon. Mrs. Mark Challinor reported \$150 added to the treasury from the benefit card party.

Officers were elected for the coming year. Mrs. John L. Evans was elected president, Mrs. Mildred Challinor vice-president, Mrs. Laura Willis secretary, Mrs. Betty Willis treasurer, Mrs. Maunette Adkins corresponding secretary.

An apricot-papaya conserve was demonstrated by Mrs. Mollie Covell of Okeechobee. Refreshments were served by

the hostess for the afternoon, Mrs. Bessie Smith of Bean City. Those attending were Mrs. Billie Hartline, Mrs. E. M. Willis, Mrs. F. B. Willis, Mrs. Mollie Covell, Mrs. Lucille Walker, Mrs. Mary Louise Darryl, Mrs. Jay Smith, Mrs. Jane Evans, Mrs. Mildred Challinor.

GINGER CRICHFIELD HAS BIRTHDAY PARTY

Mrs. C. E. Crichfield entertained at a birthday party honoring her daughter, Ginger, on her 8th birthday Friday. Games were enjoyed. Blow-out favors and bubble gum were given as favors and refreshments served to Dan, Dick and Doris Willis, Vicki Challinor, Jane Ann and Jean Matulis, Carol and Karen Jandaz, Betty Rodriguez, Jack Michael, Margaret and Janita Kirchman, Helen and Katherine Zywicki, Ginger, Janet and Gene Crichfield.

FAREWELL PARTY FOR MRS. LEE JOHNSON

A most enjoyable occasion was the assembling of friends at the home of Mrs. C. A. Thomas, Lake Harbor, to bid farewell to Mrs. Lee Johnson, who will soon depart to make her home in Illinois.

Two contests were enjoyed with Mrs. N. DiStefano and Mrs. Bill Campbell winning prizes. Many lovely gifts were received by Mrs. Johnson. Mrs. Josephine Larriek and Mrs. Nathan Bolton were hostesses.

A delicious salad plate was served to the following: Mrs. H. Harline, Rowlett Harline, Mrs. N. DiStefano, Mrs. Claudine Warren, Mrs. J. D. Hemphill, Mrs. Lloyd McKinley, Mrs. K. L. Holcomb, Mrs. Riddling, Mrs. Mary Swain, Mrs. Josephine Miner, Mrs. Betty Carlton, Mrs. H. R. Layfield, Mrs. Bill Campbell, Mrs. Edna Johnson, Mrs. Bebe Denton, Mrs. Winnie Plank, Mrs. Beth Moorman, Mrs. Lynn Haulcomb, Mrs. Ted Daniels, Mrs. Ada Swimbly, Mrs. Alma Mackey, Mrs. Howland McClure, Mrs. Alma Eldon, Mrs. Geraldine Weaver, Mrs. E. Smith, Mrs. Frank Robertson, Mrs. Dick LeFils, Nola Thomas and Robin Thomas.

EDUCATIONAL TELEVISION

(Continued from Page 1)

ering and construction data and for programming after the erection of the station.

The cost — estimated at from

\$150,000 to \$250,000 per unit, is not always the major consideration as any community to which the channel is assigned can arrange that item readily. It's less than the cost of one, either the modern negro elementary school at Belle Glade, or the recently built unit of the High School.

The actual cost of operating the station \$25,000 to \$40,000 estimated, is neither a serious obstacle in the present scheme of things, merely the cost operating a six or eight teacher unit in the present school system.

The major effect of the educational television will most likely not be on those whom you think of at first consideration when "educational" is mentioned, the kids. Mother father, sister, brother, grandmas — everybody will be "educated." There's drama, dancing, singing, dress, make-up, and even public relations for the teenagers, who are looking towards the stage or screen as a possible profession; there's cooking, ironing, washing, house work for Mama's drugery and bridge, canasta, for leisure hours; there's the possibilities for each member of the family whatever the trend of thought; then there are subjects of general interest to the whole family to look at and listen to as a group. All this, in addition to the things the primary and high school students want and should have.

Some colleges are offering diplomas in special subjects by television, for a modest fee. Examinations are held, and the diplomas are recognized.

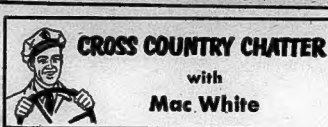

"Educational" or "Community" television, as proposed in this campaign is a rare opportunity for the area covered by the West Palm Beach installation.

The Junior Chamber of Commerce of West Palm Beach is offering to give and group a program telling just what this proposition is, and will be glad to arrange such a program to any reasonably sized crowd.

If you want more information communicate with the Junior Chamber of West Palm Beach.

The one thing most needed is general interest of those who are to be benefited.

In the State of Florida today there are more than 183,000 private and for-hire trucks registered and more than 100,000 "professional" truck drivers.

**CROSS COUNTRY CHATTER**

with Mac White

During our long training period, the words "safe driving" are drilled into us truck drivers until they become a part of our conscious, our subconscious and our very souls. We Florida truck drivers are humbly proud of our safety record — and our losses are too. And they show their appreciation in many ways.

For example, the Florida Trucking firm I work for bought some acreage along a beautiful river near Florida's west coast and built a lodge. We drivers who have perfect safety records, together with our families, get a week's vacation at the lodge, free of charge. As a matter of fact, we get two weeks' vacation with pay and one full week in one of the comfortable cottages. The company pays out these awards in your local newspaper. Some outstanding truck drivers have "won" \$12,000, furnished homes.

But there's another side to this story... In my company one preventable accident means a week's layoff without pay; two preventable accidents, two weeks' layoff without pay; and three... well, that's like the third strike, brother! You're out! It all adds up to safe driving and highway safety — your safety and mine.

In my firm, between 98 and 100 truck drivers, their wives

and children get this wonderful vacation every year as a reward for safe driving. I think it's pretty swell. Since this vacation plan was started two years ago, my company has not had a single preventable accident.

Then, of course, every year, various trophies and awards for safe driving are presented by the Florida Trucking Association and by the American Trucking Associations, Inc. You have probably read about these awards in your local newspaper. Some outstanding truck drivers have "won" \$12,000, furnished homes.

But there's another side to this story... In my company one preventable accident means a week's layoff without pay; two preventable accidents, two weeks' layoff without pay; and three... well, that's like the third strike, brother! You're out! It all adds up to safe driving and highway safety — your safety and mine.

Outline Of Work In Progress At Everglades Experiment Station

(Continued from Last Week)
CHEMISTRY

Soils: Studies of the effect of various calcium sources, of rock phosphate combined with rock potash, and of partial substitution of sodium for potassium on pangola-clover mixtures growing on Immokalee sand.

Studies on availability as soil amendments and foliar sprays of copper and manganese from various source materials.

Studies on availability to rice and other crops of iron from various source materials.

Survey of chemical analyses of pasture grasses and legumes as affected by soil types and fertilization practices.

Operate soil testing laboratory for limited service to local growers and for staff research samples.

Determination of optimum fertility levels as indicated by soil and tissue tests for crops growing on peat, muck and sandy soils.

Plant Nutrition: Studies for potassium in crops growing on peat and muck soils.

Study availability to pangola St. Augustine grass of copper from various rates of both copper oxide and copper sulphate.

Study of the variation in molybdenum contents of winter forage crops with respect to variations in nitrate.

Make necessary chemical analyses of soils, plant and animal samples from experiments conducted in cooperation with other staff members.

Effect of foliar applications of nutrients as a supplement to standard fertilizer practice for various crops.

Study substitution of sodium for potassium in crops growing on peat and muck soils.

Study availability to pangola St. Augustine grass of copper from various rates of both copper oxide and copper sulphate.

Study of the variation in molybdenum contents of winter forage crops with respect to variations in nitrate.

Make necessary chemical analyses of soils, plant and animal samples from experiments conducted in cooperation with other staff members.

Effect of foliar applications of nutrients as a supplement to standard fertilizer practice for various crops.

Study substitution of sodium for potassium in crops growing on peat and muck soils.

Study of the variation in molybdenum contents of winter forage crops with respect to variations in nitrate.

Lesser corn stalk borer and sugarcane borer.

Chemical and biological control studies of insects affecting sugarcane.

Horticultural Crops: Studies on control of corn earworm including:

Time, interval, and number of applications.

Phenological studies on corn-earworm disposition to determine most economical control for use in different planting seasons.

Effectiveness of parathion dusts and emulsions when even silts in November, April, June or September.

Selection of varieties with open habit, or leaves before silting, to facilitate accurate spray application.

Control of cecy insects including:

Tests of phosphoric insecticides for control of aphids.

Biological studies on the cecy-er terroir.

Other studies including:

Biological studies on the cecy-er terroir.

Tests of various insecticides and rates and methods of application for control of wireworms in sweet corn and sugarcane.

Survey to determine species of nematodes in the area.

Flooding and paddy rice rotation for control of root knot nematode.

W. H. Thimpe and W. C. Gennard (Experiment Station) and D. D. Quisenberry (U.S.D.A.)

coop. with Agronomy, Horticulture, Pathology, U.S.D.A.

FIBERS

Agronomy: Various and phenological trials of ramie, kenaf, and other miscellaneous fiber plants.

Fertility experiments.

Time and frequency of harvesting.

Weed control in sawyeria.

Defoliation studies on ramie.

Introduction and observation of new varieties from various foreign countries.

Breeding of kenaf for disease and nematode resistance.

C. C. Seale (Experiment Station) and E. D. Gangstad, J. B. Pata, T. P. Summers and J. P. Joyner (U.S.D.A.)

Engineering: Development of planting and

harvesting machinery for ramie, kenaf and sawyeria.

Development of processing methods and machinery for ramie, kenaf and sawyeria.

Three stage plot drier.

Harvester-ribboner.

New type wheel and knife for raspiro decorticator.

M. H. Brown, H. D. Whittemore, J. C. Coker (U.S.D.A.) and J. W. Randolph (Experiment Station).

Technology: Chemical and mechanical deumming of fibers.

Quality measurements (flex, tensile strength, fineness (denier), etc.) on fibers as influenced by variety, cultural methods and processing.

H. V. Allison, coop. with Agronomy, engineering and U.S.D.A.

HORTICULTURE

Vegetables: Variety and strain trials with sweet corn, beans, cabbage, head lettuce, other miscellaneous crops.

Breeding program on snap beans and celery.

Studies of pelleted seed as a method of reducing hand thinning by precision planting.

Study of pre and post emergent application of chemicals with various vegetable crops.

Weed control investigations in sugarcane.

Studies of volatility and drift of 2,4-D.

F. A. Wolf and V. L. Guzman, coop. with Entomology, Pathology, U. S. Sugar Corp.

PATHOLOGY

Fungus Diseases: Fungicide spray trials on celery, potatoes, and cabbage.

Studies on control of Helminthosporium on corn.

Studies on pre-emergent application for damp-off control.

Sweet corn breeding program for resistance to Helminthosporium.

Study of potato diseases and selection of new varieties.

Studies on cultural control of Helminthosporium and other organisms by flooding.

Virus Diseases: Studies on virus diseases on various crops and determination of vectors involved.

Study of Pierce's disease in grapes and other crops.

F. V. Stevenson and W. N. Steiner, coop. with Agronomy, Horticulture, Entomology, U.S.D.A.

INDIAN RIVER FIELD LABORATORY (Ft. Pierce)

Observation plots of various pasture grasses, legumes, and clover.

Studies of vegetable pasture rotation.

Fertility studies of phosphate, potassium and trace element requirements for pangola-clover pasture following tomatoes.

Investigation of sources for calcium, phosphorus and potassium for grass-clover mixtures.

Field corn fertility-nitrogen rate and source study following tomatoes.

Studies of Helminthosporium disease of corn.

Corn earworm control on DDT formulation studies.

Fungicide trials for control of tomato diseases.

Tomato variety and line testing.

N. C. Haydel and J. F. Darby, coop. with Agronomy, Chemistry, Sugarcane, Entomology and Pathology.

PLANTATION AND FIELD LABORATORY (Ft. Lauderdale)

Vegetables: Variety and strain trials of beans, squash, pepper, eggplant, cucumber and miscellaneous vegetable crops.

Fertilizer and lime requirements.

Nutritional sprays.

Disease and insect control.

Effectiveness of cover crops in maintaining fertility and soil organic matter.

Agronomy: Adaptability of grass and clover varieties.

Fertilizer and lime requirements of pastures.

Sources of phosphate and potassium.

Relation of chemical composition of pasture crops to soil treatment and other management practices.

Adaptability of various cover crops.

F. T. Boyd and Max C. Hamilton, coop. with Chemistry, Pathology, Entomology and U.S.D.A.

COUNTY BREEDERS HAVE USE OF SUPERIOR BREEDING

Palm Beach Breeding Association announced today that their Jersey Bull Committee has unanimously approved the purchase of Donna Dandy Sullivan, R.J. 480278, by American Breeders Service for use in artificial insemination service rendered local dairymen by their organization.

"Donna" to use his short name, is a big, deep bodied, straight, solid dark fawn bull, classified "Very Good." He was listed in the February 25th Jersey Bulletin as a Superior Sire with 10 tested daughters averaging 9,886 lbs. of milk, 5.1% test, and 505 lbs. of butterfat and six tested daughters averaging 85.6%.

"Donna" was purchased from

Edward L. Young, of Florence, South Carolina. He was bred by J. L. Hutchison, Jr., Happy Valley Farm, Rossville, Georgia.

He was born September 11, 1940, and is now almost six years old. Although eleven daughters have completed lactation only nine dams have records, which gives "Donna" a nine daughter-dam comparison.

American Index of 10,701 lbs. of milk, 4.75% test and 503 lbs. of butterfat on a 305 day, 2X, mature equivalent basis.

Palm Beach Breeding Association will furnish service from "Donna" to dairymen in the county at an advance in fee.

WOMAN ENGINEER

Lucille Plett, first woman engineer to travel for the Chrysler Corporation, will be at the "New Worlds in Engineering" exhibit April 24 through May 3 in Diner Key Auditorium, Miami, Florida, to answer questions on automotive engineering and design.

Miss Plett, a graduate mechanical engineer, is assigned to Chrysler's technical data and information department when she is not traveling.

Four thousand prominent persons from Miami previewed a "push button" exhibition of the fascinating engineering developments behind the modern automobile. This \$1,000,000 "New Worlds in Engineering" show opened in Diner Key Auditorium in Miami, Florida, last week.

"New Worlds in Engineering" is being brought to Miami by the Plymouth, Dodge, DeSoto and Chrysler dealers in this area.

The imaginative exhibit was conceived by the Chrysler Corporation to reveal the secrets in engineering America's automobiles. It will be open free to the public daily from 10:30 am to 10:30 pm through May 3.

More than 100 animals

models and visual demonstrations depicting how the Chrysler Corporation has made vehicles safer, more dependable and more comfortable will be presented in "New Worlds in Engineering."

Sparkling highlight of this dramatic show is the striking new "idea cars," the K-310, the C-300 and the Chrysler "Special." Another feature of the exhibition is the Plymouth transparent chassis, with more than 1,200 moving parts, which is an exact model of a production car. The chassis weighs one ton and operates under a spectacular black light canopy.

Chrysler's experimental 355 horsepower engine is also on display. Called the A-353, this higher compression version of the standard Chrysler FirePower V-8 engine uses high-octane gasoline.

Janet C. Zeder, Chrysler Corporation vice president and director of engineering and research, reports that this achievement was accomplished without increase in the size of the engine or the use of supercharging. Last year, Chrysler engineers developed another experimental engine, using standard compression and burning regularly-available premium-type fuel, which produced 398 horsepower. Mr. Zeder described the A-353 as showing power outputs greater than any

other known passenger car designs using standard fuels or still-matured safety features, to determine car-vesting comfort, and to see the operation and purpose of car panel instruments.

"Anybody who thinks the truth doesn't hurt never told it about a big guy."—Franklin P. Jones.

Now! Prompt Delivery of

CREOSOTED POSTS & LUMBER

Good for a Lifetime

WE'RE SET UP . . . TS . . .

to fill your orders promptly—whatever size or quantity of posts or lumber you may need—thanks to our continuous program of expansion and improvement in our creosoting plant at Ona. For Example, we have recently built a quarter mile of railroad to aid in efficient handling of our stock. A new post piling handles posts up to 18 feet long, and as much as 10 inches in diameter. Our fleet of specially designed trucks and trailers makes delivery easy throughout Florida.

LOWEST POSSIBLE PRICES

are yours at Florida Fence Post. Not only has service been improved, but costs have been kept constant, despite nationwide inflation, thanks to bulk purchases of creosote, and reduction of the labor required to make each fence post through use of modern machinery and production methods.

LUMBER, PILING AND POSTS

are on hand at all times. We retain a stock of more than 300,000 feet of lumber at all times, and we believe we are the only firm in Florida stocking creosoted lumber, piling and post in large quantities. This stock makes it possible for us to fill orders promptly for the materials you may require to build cattle pens, bridges, seawalls, warehouses, etc.

GOOD FOR A LIFETIME

Under actual tests, creosoted posts have lasted 30 years. How much longer they will last, nobody knows. They may last a lifetime. At any rate, no one has ever questioned our slogan "Good for a Lifetime," and don't expect them to. Posts put in use when we first began our operation five years ago are still in A-1 condition.

Creosoted Posts will not split or break . . . staples will not pull . . . No culls . . . every post is perfect . . . They're easier to handle, more uniform in size than any other posts you can use . . . You'll save on fence-building costs enough to more than offset the slight extra cost of these creosoted posts—good for a lifetime.
